Impact on P-12 Learning and Development

Since our state does not provide information on graduate impact on student learning from the South Dakota Department of Education (SD DOE), we have devised a survey to send to recent graduates to obtain their SLO information and other information they care to share to determine impact on learning. We will continue to work with the SD DOE to determine if there is a means to obtain data, which they tell us can only happen by putting a new system in place (hardware/software)
