Proctor Guidelines for Online Students and Proctors

These guidelines are to be followed to secure academic integrity.

Submission of Online Proctor form:
A proctor is to be a person who will monitor you as you take your exam. The proctor will make sure academic integrity is being used. All instructors will determine whether their courses will need a proctor for examinations. Please make sure to check your instructor’s syllabi or course’s D2L regarding the proctoring of exams. Proctor forms are submitted each semester.

DSU Online Students using the SD-BOR approved Testing Centers (see page 2 of this document) will be approved immediately. Online students living in SD BOR approved areas must use the approved proctoring service. Students in the Madison area must proctor with DSU Proctoring Services unless you are a High School student. Extenuating circumstances need to be approved by the instructor.

If you are in a location that does not have a SD-BOR testing center, you must arrange to have your exam(s) supervised by an appropriate proctor in your area. Refer to information below for securing a suitable proctor.

If you choose a proctor outside of DSU or SD BOR Testing Centers your proctor’s position will need to be verified. After submitting the proctor form, an email will be sent to the proctor and/or a call made to establish credentials. Once your proctor has verified the proctor information by returning the verification email, your instructor will receive the verification email so exam information may be sent to your chosen proctor. Your instructor gives final approval of the proctor selected by you. Student will be responsible for any proctoring fees, if applicable.

You will need to complete the online student Proctor Registration Online Form so your instructor knows who you are proctoring with. Exam information will be send to your proctor. This proctor form is not used for other institutions.

DSU may at any time request additional verification or mandate an alternate proctor. The proctor services may be terminated at any time by any or all three active parties (student, proctor, DSU) with written notice to all parties involved.

The proctors name and job title must be listed on the company webpage. Submit professional emails otherwise you will need to provide documentation that the account is the proctor’s business email. You are encouraged to add web links to proctor form for verification.

Proctor Guidelines

The proctor must follow strict guidelines associated with an examination. Any acts of academic dishonesty will be dealt with on a case-by-case basis and may be ruled as cheating as stated in the DSU student handbook. Passwords or paper exams will be emailed to proctor. Please make sure passwords and paper exams are secured and only accessed by proctor.

Proctors should attempt to provide proof of the information stated below.
- Ensure that examinations take place at a business/professional address and not a residential address.
- Check student photo ID/license to ensure the examinee is the person scheduled to test.
- Ensure that no copies of the exam are made.
- Ensure that the student does not access notes, books, or articles during the exam unless the test specifies otherwise.
- Continually monitor students during exam
- Time the test and stop the examinee when time has been expended.
- Note any testing irregularities and contact the instructor and proctor@dsu.edu with issues.
- If a fee is charged for exam supervision, request payment from the student at the time of testing. Dakota State University will not pay proctor fees or mailing costs of the exam.
- Return exam within 24-hour period
