COVID-19 Pandemic

What should I do if I’ve been in close contact with someone . . .

... who has tested positive for COVID-19

... who is being tested?

... who might have been exposed . . .

... who has been in close contact with someone ELSE who might have been exposed?

IF YOU:
Have been boosted or completed the primary series of Pfizer or Moderna vaccine within the last six months OR completed the primary series of Johnson & Johnson vaccine within the last two months
- Wear a mask around others for 10 days.
- Test on day 5 if possible.
- If you develop symptoms, get a test and stay home.

IF YOU:
Completed the primary series of Pfizer or Moderna vaccine over six months ago and are not boosted OR completed the primary series of Johnson & Johnson over two months ago and are not boosted OR are unvaccinated
- Stay home for 5 days. After that, continue to wear a mask around others for 5 additional days.
- If you can’t quarantine, you must wear a mask for 10 days.
- Test on day 5 if possible.
- If you develop symptoms, get a test and stay home.

Self-monitor AND practice social distancing
