

### SRI Proposal Scoring Rubric

**Reviewers:** Evaluate each proposal using the rubric below. At the conclusion of your review, please provide the author(s) comments of both the strengths and weaknesses of the proposal.

**Proposal Name:** \_\_\_\_\_

**Reviewer:** \_\_\_\_\_

	0	1	2	3
<b>Project Goals and Outcomes / Deliverables (which may include completed visual, performing or literary art works)</b>	No stated goals or research question, very unclear outcomes or deliverables	Vaguely stated goals or research question, somewhat unclear outcomes or deliverables	Clearly stated goals or research question, clear outcomes or deliverables	Outstanding goals statement or research question, very clear outcomes or deliverables
<b>Significance, Value, Benefit of Project to the student(s), DSU, Discipline and faculty member where relevant</b>	No explanation of value, benefit or significance	Incomplete explanation of value, benefit, or significance OR no discussion relative to all parties	Strong explanation of value, benefit, significance for all parties	Outstanding explanation of value, benefit, significance for all parties
<b>Feasibility / ability to deliver project goals within timeline and budget</b>	No indication of timeline and budget	Vaguely stated timeline and/or budget; neither appropriate for scope of project; OR no linkages made	Clearly stated timeline and budget, appropriate for scope of project;	Outstanding analysis of timeline and budget; clear linkage to scope of project
<b>Research Methods (where applicable)</b>	Little or no discussion of data collection and analysis	Description of data sources, instrumentation and analysis is not clearly articulated and somewhat confusing	Description of how the data is collected, what/how many data sources are analyzed, plan of analysis, use of measurement instrument is adequate	Proposal is thorough in its description of data collection, measurement and analysis strategies. Human subjects compliance is met (where appropriate) Description has strong connection to research context
<b>Expected findings and plan for dissemination. For the arts, this would include a description of artwork and an indication of where the work will be shown/published</b>	No statement of expected findings; no dissemination plan	Vague or unclear statement on expected findings and/or dissemination plan; plans not clearly linked to project	Clear statement of expected findings and dissemination plan;	Outstanding statement on expected findings and dissemination plan; clear and concise
