

Student's prior coursework, Math Index,  
or challenging placement makes them  
eligible for MATH 021 and/or MATH 095

MATH 021 or Basic Algebra 3  
acts as a pre-req for MATH  
101. It is primarily taught on  
campus. An RS grade must be  
achieved before moving on to  
101.

MATH 101 or Intermediate  
Algebra is a pre-req for MATH  
102, 103, and 104. A C is  
required to move from 101 to  
102 or 104, and a D is required  
to move from 101 to 103.  
Student athletes can use this  
course as part of eligibility  
coursework as opposed to 095  
or 021.

MATH 095 or Pre-College  
Algebra is a pre-req for MATH  
102. It is taught wholly online.  
An RS grade must be achieved  
before moving on to 102,  
where an SP means the  
student can continue the  
course itself.

MATH 102 or College Algebra  
is a pre-req for MATH 115,  
120, 121, and 281.
